Fellowship  
of London

A Unitarian Universalist Congregation  
*Challenge the Mind, Nourish the Spirit, Act in the World*

## Sunday Services

February's Theme: **Stewardship**

10:45 a.m., 557 Clarke Road, London Ontario

Sun. Feb. 3

### **First Sunday Potluck: Stewardship**

Facilitator-Edie Delanghe and the Stewardship Team

Join us for a shorter service during which we introduce the month's theme, followed by connecting and fun for all ages. Please bring some brunch food to share. (If this is your first time with us, please just bring yourself.)

Sun. Feb. 10

### **Faith Community Stewardship: A Unitarian Universalist Perspective**

Worship Leader - Bill Ratcliffe

If work is love made visible then stewardship makes our UU faith manifest. Answering the calls of love and justice in a spirit of generosity and goodwill expands our UU perspective of stewardship, challenging us to be more proactive rather than reactive in how we relate with others and the world at large. Our UU radical inclusion widens our stewardship which complicates the concept of caring but it also enriches our individual and Congregational lives. The commitment to strive to relate better infuses our sense of stewardship.

Sun. Feb. 17

### **Stewardship: What is our Responsibility to the Earth?**

Worship Leader: Lori Turner-Otte

An interactive service celebrating our monthly theme with food for thought for all ages.

Sun. Feb. 24

### **"Paying It Forward"** Worship Leader - Rev. Peter Boullata

How do we live as generous people? What does a community of generous people look like—how does it behave? We have some clues in what are known as gift economies, systems of shared wealth in which giving and receiving are not done in a straightforward pay-for-service sort of way.

Note: There will be soup luncheon following the service.

General information about our Sunday Services:
